- + If a fallen tree or large rock is in your path, step up onto it instead of over it. DO NOT turn over a rock or log, if you must, use gloves and carefully roll it toward you so that anything beneath can get out in the opposite direction.
- + Check out stumps or logs before sitting down on them. Be especially careful when climbing rocks and gathering firewood.
- + Shake out sleeping bags before getting inside.
- + If you hear a warning rattle, move away from the area SLOWLY!
- + DO NOT HANDLE a freshly killed snake.

Your local small animal vet may offer a shot to dogs to help evade the death sentence that may occur with snakebite. If you take, your dogs with you while riding, even in our riverbed, remain alert for rattlesnakes!
