2/29	Dakota Hawlwy, Patti Powers	Fallbrook - Work by City has cut off part of the Trail around the swimming pond area. That are can only be accessed by foot now. Water continues to flow but some trails have been re-arranged and re-directed. Riding conditions were good and weather was very good. Two hikers on foot were sitting on the trail and one was in need of rest and in need of water. We gave water and food to help as the woman had not eaten in some time for that day. We left and then returned about 10 minutes later and found that they had only traveled about 100 feet and they had stopped again and the woman was sitting again stated she was light headed. We offered to call 911 or to get a ride for them and they decline Stated their cehicle was in the parking lot across the agacent street which was about 80 meters away. They again assured they were ok.
