- 2.2** In Three Man-Three Steer, a team will pen three head of cattle which carry the number assigned to that team. In multiple go-round contests, after the team completes the first go and one person is unable to compete, the two remaining contestants may continue. In no event may less than two persons compete.
- 2.3** Starting Order
 - 2.3.1** All drawings are to be done by the management.
 - 2.3.2** Team numbers will be assigned by random draw.
 - 2.3.3** The order of go will be determined by random drawing.
 - 2.3.4** In multiple go-round contests, the order should be reversed for the second go.
 - 2.3.5** Once the starting order has been established, it may not be changed except for a hardship. Management and the competing team consent to change.
 - 2.3.6** Teams may not compete more than once per go, but a rider may compete with one other partner in the same go.
- 2.4** Judging
 - 2.4.1** There will be one (1) official who will be the head timer.
 - 2.4.2** One of the flaggers will be at the starting line and the other will be on the pen opening.
 - 2.4.3** An official who begins a go-round must complete the go except in an emergency.
- 2.5** Timers & Timing
 - 2.5.1** Two timers with digital stopwatches which time to the hundredth of a second are recommended. The time will be taken from the head timer's watch unless that watch fails.
 - 2.5.2** Time begins and a flag will be dropped when the nose of the first rider's horse crosses the starting line.
 - 2.5.3** Time will end when one rider enters the gate with his hand raised. The time ending flag will be dropped when the nose of the first horse whose rider has his

hand raised enters the gate. If any rider goes into the pen past the front cinch, there will be a five (5) second penalty added to the time of the team.

2.5.3.1 Time will not stop until all un-penned cattle are on the cattle side of the starting line.

2.5.4 Event time is at the discretion of show management, with not less than 90 seconds nor more than 2 ½ minutes.

2.5.5 A warning will be given to the working team 30 seconds prior to final time being called.

2.5.6 In Three Man-Three Steer, a team may call for time with only one or two assigned cattle penned. However, teams penning three cattle place higher than two and two places higher than one, regardless of time.

2.6 Starting Line

Starting line will be placed sixty percent (60%) of the distance from the cattle wall to the opposite end of the arena and will be marked by suitable markers on both sides of the arena.

2.7 The Pen

The open end of the pen will be seventy five percent (75%) of the distance from the cattle's wall to the opposite end of the arena. The pen will be 16 feet (16') from the arena fence with the following specifications: The wingback panels will be 16 feet (16') in length. The depth of the pen must be a minimum of 16 feet (16') to a maximum of 24 feet (24'). The wing side of the pen will consist of an 8 foot (8') panel with a 10 foot (10') opening. The wing will be placed toward the center of the arena (see drawing).

2.8. Competition

2.8.1.1 All cattle will be bunched in the center of the arena on the fence line opposite the riders' enter/exit gate.

2.8.1.2 The team will enter the arena at the walk and remain near the gate until advised by the announcer to proceed.

2.8.1.4 Contestants must immediately proceed across the starting line.

2.8.1.5 When the timing flag is dropped, the announcer will announce the team's cattle number. This announcement will be stated three (3) times in succession.

2.8.2 Once committed to the cattle, the team is completely responsible for their animals. It is the team's responsibility, before working, to call for an official's decision if, in their opinion the assigned animal is injured or unusable, or something will interfere with the team receiving a fair and equitable chance. Once the cattle are worked, no excuses are accepted.

2.8.3 If after beginning work, the team feels they should get a rerun for any reasons, they should finish the work and then appeal to the official for a ruling.

2.8.3 Romals and reins may only be swung or popped on rider's legs or horse.

- 2.9.4 If, after a go begins, a team withdraws, that team's cattle number will be pulled and that animal will not be penned.
- 2.9.5 If an animal, which has not been penned in the go, escapes from the arena, the number of the unused animals is pulled from the draw and work continues to the end of the go-round. The team whose animal has escaped would then work at the end of the go.
- 2.9.6 Reruns will be given on the original set of cattle with new numbers drawn. In the case of fresh cattle, unused cattle will be used. All reruns will be handled in this manner and will be run in order of occurrence.
