SEC. 3.0 Points and Qualifications

3.1 The point year will run from January 1st through December 31st.

3.2 Point and High Point structure

3.2.1 Points will be awarded to the first three (3) places. The points are as follows:

<u>1st place</u>	<u>2nd place</u>	<u>3rd place</u>
10 points	7 points	4 points

3.2.2 Points will be accredited to the first three place winners in their respective classes in parade and grand entry competition. A grand entry may not be offered in connection with a *CSHA* sanctioned parade.

3.2.3 A point system will be used for uniformity of judging. The contestant receiving the most points in each class will be declared the class winner. All classes will be judged by comparison judging with the classes called and all available contestants judged together whenever possible.

3.2.4 All prejudging will be done by close individual inspection before the first contestant starts the line of march. Points will not be credited unless the contestant has been prejudged. Five (5) points will be deducted when late for prejudging.

3.2.5 Failure to appear at a parade or grand entry after acceptance results in a loss of five (5) points. (Exception – an emergency). Paraders may not enter multiple parades and/or grand entries scheduled for same day and time.

3.2.5.1 Contestants must notify parade management and the *CSHA* High Point Secretary of an emergency cancellation prior to the day of the event or within 24 hours if the emergency occurs the day of the event.

3.2.5.1.1 Notifying anyone else; e.g. the judge, other members of the Parade Committee, etc., will not be considered a substitute for having notified management and the High Point Secretary.

3.2.6 While an entrant may be placed, no points will be awarded to a registered parade entrant in the situations noted below. It will be the responsibility of the judge to notify the High Point Secretary via his/her result sheets if one of these situations occurs by indicating the number of riders pre-judged if less than the minimum and indicating “no points awarded”.

3.2.6.1 No high points will be awarded to a participant when the following occurs:

3.2.6.1.1 In Mounted Group, Charro/Charra Mounted Group and Sheriff's Posse less than 4 riders present themselves for pre-judging.

3.2.6.1.2 In Novelty or Fiesta Mounted Group, Authentic Novelty Mounted Group or Family Mounted Group less than 3 riders present themselves for pre-judging.

- 3.2.6.1.3** In Miniature Horse/Mule Vehicle Group less than 3 vehicles present themselves for pre-judging.
- 3.2.6.2** No points will be awarded to a Color Guard or Sets of Four when less than 3 riders present themselves for pre-judging.
- 3.2.6.3** No points will be awarded to a Matched Pair, if both registered members of the Pair are not present at pre-judging.
- 3.3** High point contestants designated as a marshal, marshal's aide, featured or designated rider in a specific parade will not receive points.
- 3.4** Classes listed on a parade entry and classes added by parade management will count for points.
- 3.5** Classes may be divided into junior/senior at the discretion of the parade management. The class rules of judging will apply to all entries in a class. In junior classes, horses should be suitable for a junior to ride.
- 3.6** Contestants must register in their respective high point parade class if offered by parade management. If the class is not offered, parade management declines to add the class or there is insufficient time to get out notice about an added class, the contestant may utilize the designated cross over class as shown below for their class, if offered. If none of the appropriate cross over classes are offered or the contestant's class has no cross over designated below, the contestant may enter Novelty or Fiesta Costume.
- 3.6.1** In all cases, the contestant will be judged by the rules applicable to the "substitute" class and awarded points based on their placing in that class. EXCEPTION: Minimum rider rules will still apply. See 3.2.6 and all subsections.
- 3.6.2** Novelty or Fiesta Mounted Group and Authentic Novelty Mounted Group
- 3.6.3** Novelty or Fiesta Costume and Authentic Novelty Costume.
- 3.6.4** Parade Horse and Fancy Parade Horse
- 3.6.5** Novelty or Fiesta Costume Mounted Group, Authentic Novelty Mounted Group, Family Group, Sheriff Posse and Mounted Group.
- 3.6.6** Vehicle Class (horse/pony drawn), Miniature Horse/Miniature Mule Vehicle Class and Miniature Horse/Miniature Mule Vehicle Group Class
- 3.7** When only the Junior Equestrian class is offered, Future Horseman participants may enter and receive cross over points, if no future Horseman class is offered.
- 3.8** Points will be awarded to any parade or grand entry judged by a licensed *CSHA* Parade judge. Points will not be awarded if the parade or grand entry management has restricted participation in the event to create a "selected invitation list" and refusing to accept entries from others who might be registered participants in the same *CSHA* Parade class. This does not refer to the right of management to restrict the total number of horse entries,

refuse to accept entries after their published deadline, nor to refuse to accept an entry that has been deemed unacceptable due to costume, presentation or past behavior.

3.9 A contestant may request a class be added by parade management prior to the entry closing date. Addition of classes is at the discretion of parade management.

3.9.1 If parade management adds a class, the contestant requesting the addition must notify the high point secretary immediately. The high point secretary must notify those registered in the added class prior to the entry closing date for the added class to count for points.

3.10 No more than two grand entries may be offered in connection with a recognized public event on a given day.

3.11 Points will only be given to the registered riders of a matched pair. Parade judges and the high point secretary must be notified of a rider substitution.

3.12 Parade contestants riding out-of-state parades judged by a licensed *CSHA* parade judge will receive points in the *CSHA* Parade high point program.

3.13 A high point contestant must have received points (placed) in five (5) or more *CSHA* judged parades and/or grand entries during the point year in order to be eligible to receive year-end high point awards and to compete in the championship parade. When considering the five (5) minimum events, only two (2) of them may have been grand entries.

Exception: A parade will not count toward high point nor championship parade eligibility when rule 3.2.6 (including all sub paragraphs) is invoked.

3.13.1 If pre-judging has occurred but parade management or law enforcement officials cancel the parade for any reason, the judge will document his/her result sheet with this information and points will be awarded based on pre-judging scores. In addition, this parade will count to the 5 required parades noted above.

3.13.1.1 If a parade is cancelled by Parade Management and pre-judging has not been conducted, no consideration will be granted to permit the parade to count toward a qualifying event for high point or state parade eligibility. This rule is effective even if the parade entry stated "rain/shine", or indicated in any fashion that no cancellation would occur, and no matter how or when Parade Management decides to notify participants.

3.13.1.2 If the parade is cancelled after participants and the judge have arrived but before the start of pre-judging, the judge may conduct pre-judging in order to comply with Item 3.13.1 and 3.12.1.1. The decision to do this is at the sole discretion of the judge and is to be based on safety factors, weather conditions, available protection from the weather, permission of Parade Management, etc. The decision of the judge is final and is not subject to complaint or protest to either the Judges Commission or Parade Committee. Any parade participant who elects not to be pre-judged will not be subject to a loss of points for "failure to show".

3.13.2 If the CSHA parade judge fails to show up for a parade, the parade will count toward obtaining the qualifying 5 events for championship parade participation, but no points will be awarded. The participant must ride in the parade and the local parade chairman must provide the High Point Secretary with an acknowledgment that the CSHA judge was unavailable and that this participant did ride in the parade that day. This acknowledgment must be postmarked no later than 14 days after the date of the event.

Exception: Protection required due to weather.

12.3 "Parade management" includes the crew needed to run pre-judging and move judges from place to place. If contestants or their families are filling these positions, all conversation with them should be limited to the Head Judge, Head Steward or Head Scorer, whenever possible, and be kept strictly to business matters.
