CSHA began the process of licensing judges in 1969. A 3 member committee headed by Jim Cryderman was tasked with developing requirements and procedures to license parade judges. This was accomplished by 1971 including the creation of a Parade Judges Commission to handle the task going forward. The Parade Program was the first in CSHA to have its own licensed judges.

Please see the CSHA History on this web site for more information about the history of judges within CSHA and the Judges Commission.
